HOTEL

ONE BEDROOM SUITE

At 800 sq ft this stately suite features a king-bedded master bedroom with adjoining living room and dining area. Adorned in a rich mixture of caramel, coral and warm woods, this spacious abode features a roomy master bedroom with the appreciated inclusion of dual wardrobes, an executive desk, two 42" flat screen TV's and sleeper sofa. The oversized bathroom features floor-to-ceiling Emperador marble, heated floors integrated in-ceiling sound system, soaking tub, and separate rainfall shower. Create your own signature drink with our in-room Nespresso barista machine and engage in some fun with our Nintendo Wii gaming system. Stay connected with a flexible plug and play technology platform and entertainment center, ipod docking station and high-speed internet connectivity. Each guest room is equipped with wardrobe steamers, yoga props and operable windows. Of course if that is not enough, the one-bedroom suites are located on the top 3 floors which means there are picturesque panoramic views of the Coal Harbour neighbourhood, North Shore Mountains and Stanley Park. Additionally, the suites can connect to a double queen-fitted guest room creating an even more spacious layout.
